TEACHING ACTIVITIES

7/02 – present **Noon Conference: Bioethics Program**
Annotated lecture series representing the spectrum of topics in the bioethics curriculum.
Department of Medicine

Maimonides Medical Center

1. *“Introduction to Law and Medicine”*
Overview of licensure, abandonment and “good Samaritan” laws. Introduction to the “4 Boxes” of an ethics consultation.
 2. *“Introduction to Law and Medicine, part II”*
Decisions at the end of life; Review living will, Health Care Proxy and Surrogate; Methods for evaluating Futility; Considering futility as a process rather than a status.
 3. *“Informed Consent”*
Historical and cultural reference; Autonomy and introduction to decisional capacity.
 4. *“Bioethical Issues Affecting the Elderly”*
Review of decisional capacity and prognosis with examples of fall; Restraints, chemical and physical, and their limitations and concerns
 5. *“Decisions at the End of Life”*
Covers the limitations of Full and “Partial” Codes; Withholding vs. withdrawing treatment; Surrogates and Health Care proxies. Review futility. Introduction to Palliative Care
 6. *“Euthanasia and Physician-Assisted Suicide”*
Review of the Rule of Double Effect; use Physician Assisted Suicide and Active Euthanasia as examples where Double Effect does not apply. Double Effect protects pain management with its foreseeable but unintended consequences.
- 1/05 Noon Conference: *“Decisional Capacity”*
The four components of capacity; “Sliding-Scale” capacity and “enigmatic” refusal of treatment.
- 1/05 Noon Conference: “Journal Club”
“Kappa” and other measures of interoperator reliability.
- 3/05 Noon Conference: “Journal Club”
Surveys and Questionnaires.
- 4/05 Noon Conference: “Death & Dying”
Case-based presentation of the various issues that arise at the end of life including living wills, health care proxies and other surrogates, withholding and withdrawing life sustaining treatments, nutrition and hydration and the Rule of Double Effect.
- 10/05 Noon Conference: “Decision Analysis”
Case-based presentation reviewing the concepts of sensitivity and specificity when applying serial tests to support a diagnosis. Also reviews the “five questions” for any journal article.
- 11/05 Noon Conference: “Journal Club”
The concept of “Power” in statistical analysis
- 12/05 Noon Conference: “Journal Club”
Reviewed Primary, Secondary and Tertiary Prevention; One and 2-tailed p values; Overlapping error bars and the difference between Efficacy and Effectiveness.
- 2/06 Noon Conference: Medicine & Law
Case-based review of the legal concepts of *duty to treat*, *abandonment* and *Good Samaritan* laws; the ethical objective of veracity and the limitations of *therapeutic*

- privilege*. The impact of medical errors, *adverse events* and their relationship to litigation. An overview of the concept of informed consent, Living Wills and Health Care Proxies. Integrate the medical and legal requirements of Restraints. Appreciate the limitations of the Rule of Double Effect.
- 4/06 Noon Conference: Cultural Competency
Case-based review of the concept of culture, the factors affecting the expression of culture, a patient-based, subjective meaning of illness, adverse effects of cultural misunderstanding and methods of negotiating care with cultural sensitivity.
- 5/06 Noon Conference: Cultural Competency
Case-based overview of cultural origins of Lesbians, Gays, Bisexuals & Transgender (LGBT) individuals; medical issues relevant to LGBT and techniques on eliciting an accurate sexual history in a culturally sensitive manner.
- 6/06 Noon Conference: “Journal Club”
Five questions to ask about clinical evidence
- 8/06 Noon Conference: Law & Medicine
- 11/06 Noon Conference: “Journal Club”
Overview of meta analysis
- 12/06 Noon Conference: “Journal Club”
Variables and frequency distribution characteristics
- 3/07 Noon Conference: “Journal Club”
Overview of cohort studies
