

ENVIRONMENTAL LAW CERTIFICATE PROGRAM APPLICATION FORM

The Environmental Law Certificate Program allows students with career interests in the environmental law and policy field to receive specialized training in a set of core areas related to environmental, energy and land use law. The certificate program carries additional requirements beyond those for the J.D. degree, and signals to potential employers that a graduate has achieved special competency in these core areas. The program has been designed to allow students to craft a broad and well-diversified course of study.

Admission to the Environmental Law Certificate Program is required. Pursuant to University policy, students are not enrolled in a certificate program by virtue of being enrolled in related courses.

To enroll in the Environmental Law Certificate Program you must submit this application to the Environmental Law Office prior to the completion of the second course that you plan to use to satisfy the certificate requirements.

APPLICANT INFORMATION

Name _____ FSU Email Address _____

Expected Graduation Date _____ Current GPA _____
