How To Apply

1. Visit the Florida State University College of Law Office of Admissions to obtain a joint-degree application and necessary documents for the Department of Earth, Ocean & Atmospheric Sciences.
2. Complete the documentation.
3. Do not send or have documents pertaining to the joint-degree sent to the Department of Earth, Ocean & Atmospheric Sciences. All documents must be returned to the College of Law Office of Admissions by May 15th of the 1L year.

Applicants will need to:

1. Provide a completed Joint-Degree Program Application form.
2. Have a competitive GRE scores on file with the Florida State University. The Department of Ocean and Atmospheric Sciences will waive the GRE requirement for current College of Law Students.
3. Provide a letter of intent explaining their interest in the joint-degree program.
4. Provide two letters of recommendation. Letters provided during application to the Florida State University College of Law are acceptable.

Program Sequence

The normal program sequence for a student in the joint-degree program is:

- 1st & 2nd Semesters: 30 hours of Law
- 3rd & 4th Semesters: 18 hours of AES/Oceanography & 12 hours of Law
- 5th & 6th Semesters: 12 hours of AES/Oceanography (Including “Capstone Experience” course) & 18 hours of Law
- 7th & 8th Semesters: 18 hours of Law
- Total Law Courses: 79 hours
- Total AES/Oceanography Courses: 30 hours
- Cross Credit Courses: 6 hours of Law & 9 hours of AES/Oceanography
- Total J.D./M.S. Courses: 109 hours

Specific J.D. degree requirements can be found online at www.law.fsu.edu.
Residency Requirement

Unless otherwise approved by both advisors and the College of Law Associate Dean for Academic Affairs, students enrolled in joint-degree programs must earn a minimum of seven semesters of residence credit. Based on the College of Law formula for determining residency, one semester of residency credit is earned for every 12 credit hours of courses taken in the College of Law and the Department of Earth, Ocean & Atmospheric Sciences.

**Law & Aquatic Environmental Science/Oceanography Curriculum**

- **FOUR courses from the following list:**
  - GLY 5265 Nuclear Geography
  - OCP 5050 Basic Physical Oceanography
  - OCE 5009L Coastal Oceanography and Marine Methods
  - OCE 5009 Advanced General Oceanography
  - OCB 5050 Biological Oceanography

- **TWO analytical courses from the following list:**
  - GLY 5595 Geostatistics (Advanced Topic Sed-Strat)
  - STA 5126 Introduction to Applied Statistics
  - STA 5207 Applied Regression Methods
  - STA 5206 Analysis of Variance and Design of Experiments
  - STA 5507 Applied Non-Parametric Statistics

- **THREE of the following elective courses based on the student’s primary interest and capstone topic:**
  - OCB 5639 Marine Biology Ecology
  - OCC 5052 Aquatic Chemistry
  - OCC 5062 Marine Isotopic Chemistry
  - OCC 5415 Marine Geochemisty
  - OCC 5554 Atmospheric Geochemistry
  - OCC 5018 Current Issues in Environmental Science*
  - CHM 5086 Environmental Chemistry
  - CHM 5087 Environmental Chemistry II

**Oceanography degree:**
- OCE 5924 Capstone Experience*
  - * Required courses for the joint-degree from the M.S. in Aquatic Enviromental Science/Oceanography curriculum that will also be used for cross credit toward the J.D. degree. The following courses are also required and will be used as cross credit:
  - OCB 5624 Estuarine and Coastal Ecology (From the M.S. in Environmental Science/Oceanography curriculum)
  - LAW 6470 Environmental Law (From the J.D. curriculum)
  - LAW 6520 Administrative Law (From the J.D. curriculum)

**Note on Cross Credit:** Because a joint-degree allows a student to complete each curriculum by taking fewer hours overall, each program will require that certain courses be taken from the other curriculum to cover the number of hours reduced from their respective curriculum. These courses are part of the respective program's curriculum and are not counted toward the credit requirement for the other curriculum. They may or may not be included in the normal core requirements of the respective program's curriculum.

**THREE law courses from the following list taken as part of J.D. curriculum:**
- Costal & Ocean Law
- Condominium & Community Housing Law
- Emerging Issues in Energy Law
- Energy Law
- Environmental Federalism
- Environmental Legal Research
- Florida Administrative Litigation
- Florida Administrative Practice
- Florida Environmental Law
- International Environmental Law Seminar

**For further information related to applying for this joint-degree, please contact:**
- Ralph Keiffer, Senior Admissions Officer & Recruitment Specialist
- Florida State University College of Law
- (850) 644-3787
- rkeiffer@law.fsu.edu

**For further information about curriculum requirements, please contact:**
- Shi-Ling Hsu
- D’Alemberte Professor & Associate Dean of Environmental Programs
- Florida State University College of Law
- (850) 644-0726
- shsu@law.fsu.edu

- Jeff Chanton
- Graduate Program Director
- Florida State University Department of Earth, Ocean, & Atmospheric Sciences
- (850) 644-7493
- jchanton@fsu.edu

The joint-degree must be completed within seven years, although most student complete the program in four years.

Conferring of Degrees

Students in joint-degree programs receive both degrees concurrently. Students must complete all graduation requirements in both the College of Law and the Department of Earth, Ocean & Atmospheric Sciences. This includes the Law upper-level writing requirement, the skills training requirement, and the pro bono requirement.

Residency Requirement

Unless otherwise approved by both advisors and the College of Law Associate Dean for Academic Affairs, students enrolled in joint-degree programs must earn a minimum of seven semesters of residence credit. Based on the College of Law formula for determining residency, one semester of residency credit is earned for every 12 credit hours of courses taken in the College of Law and the Department of Earth, Ocean & Atmospheric Sciences.
