

FLORIDA STATE UNIVERSITY COLLEGE OF LAW

Weekly Tip #3: Career Services & Professional Development

Hello from your Career Services Office and welcome to FSU College of Law!

The Florida State University College of Law Career Services and Professional Development Office assists our students and alumni with job search and general career advising. The mission of this office is three-fold:

Customized Job Search Strategies

The Career Services team offers law students and graduates a collaborative approach to job search strategies. To create individualized job search strategies, our experienced staff coordinates with a wide range of resources throughout the law school, including the Externship Office, the Office of Academic Engagement and Success, Student Advancement, public interest clinics, faculty, and administrators, as well as FSU Law's extensive and supportive alumni network.

Advising and Professional Development

Through individual advising and professional development workshops, we prepare our students to be knowledgeable, confident, and competitive in the legal market. We work

closely with students and recent graduates to identify job opportunities that align with their interests and values.

Legal Market Research and Outreach

Our team reaches out within Florida and nationally to increase the profile of FSU Law and our students with potential employers and to seek out an extensive range of job opportunities. We stay on top of employment trends and emerging careers, including nontraditional legal opportunities where a J.D. degree is an advantage, to provide the most up-to-date information and guidance to our students and graduates.

Take care and enjoy the rest of your summer!

Student Tip of the Week

IT IS EASY TO GET LOST FOCUSING ON RANKINGS OR WHAT OTHERS ARE DOING. FOCUSING ON YOUR OWN NEEDS IS WHAT IS GOING TO MAKE THE MOST SENSE IN ACHIEVING WHAT YOU WANT FROM YOUR LIFE. IT MAY BE A BATTLE AT TIMES, BUT AS LONG AS YOU KEEP GOING YOU'LL STILL END UP CROSSING THE FINISH LINE.
