From the Dean

Dear FSU Law Community,

Reading through our alumni profiles and hearing about the success of our students, faculty, and staff, I feel a sense of pride and accomplishment for being a part of this community. It is heartwarming to see how FSU Law continues to foster an environment of excellence and innovation. Last year, the FSU Law Trail Team won 35 awards at the ABA Alpha Delta Mock Trial Team, which is a testament to the hard work and dedication of our students. Additionally, Maus & Environmental Law was named as one of the top law schools in the country for environmental law. These achievements reflect our commitment to providing a high-quality education and preparing our students for successful careers.
