Like many of our activities, recruiting has been greatly impacted by COVID-19. Our recruiting team has been actively working to interview students in person at FSU law fairs and personal interview sessions at various universities. After the Spring 2020 season, recruiting activities moved to virtual platforms to accommodate the safety of all participants and to continue connecting with FSU Law students. Additionally, recruiters have been available for individual online advising sessions and hosted numerous virtual career fairs in the fall. We also held virtual resume and interview reviews, and mock interview sessions to prepare our students for the interview process.

If you are interested in learning more about our recruiting activities, please visit our website or email careerservices@law.fsu.edu. We look forward to connecting with you soon!
