

OFFICIAL TRANSCRIPT OVERVIEW

Per university policy, official transcripts from each college and/or university attended are required to be sent to FSU. Failure to submit such documents before **the end of the second week of the first academic term can result in the cancellation of admission and registration.** If you are currently completing your degree, please submit official transcripts once your degree has been posted but **no later than the second week of your first term at FSU.**

Official transcripts must be sent directly from your previous institution to FSU to be **deemed official.** Any transcripts sent to FSU directly from the student will be considered **unofficial.**

Please visit our **admission procedures** for a more comprehensive outline of official transcript requirements.

OFFICIAL TRANSCRIPT FAQs

Where do I go to request an official transcript?

While each college/university is different, the best point of contact is the school's registrar's office. Most institutions readily have all the information listed on their websites on how to request official transcripts.

How do I confirm that FSU received my transcript?

Whether they utilize a third-party transcript service, most institutions will send you a confirmation once an electronic transcript has been received. You can also email the Juris Master Program at law-jurismaster@law.fsu.edu to receive confirmation of the transcript receipt.

If you mailed your transcript, check with your institution to determine whether you can receive tracking information.

What is the fastest way to deliver my official transcript?

Electronic submission is the fastest form of delivery. Depending on the institution, it can take 30 minutes or less for the transcript to be electronically delivered.

I attended a college/university but did not graduate. Do I still have to request my official transcript?

Yes. Per university policy, all previously attended colleges or universities must send FSU your official transcript.

My last attended college/university official transcript shows transfer credits from previous colleges/universities. Do I still need to request transcripts from each college/university?

Yes. Per university policy, all previously attended colleges or universities must send FSU your official transcript. Transfer credits posted on the record of another institution are not accepted in lieu of submitting the official transcript from the original institution.

What if I owe money to my previous school?

Most colleges will not provide previous students with their official transcripts if they owe the college/university money. There will be a hold placed on your account. You will need to reach out to your previous institution and discuss your options for lifting the hold/acquiring your transcript.

What if my previous school is closed?

If your school is closed and no longer exists, you'll need to request your transcripts from the Department of Education in the state where you attended school. The US Department of Education has a searchable list by state [here](#).
